

Coventry and Warwickshire
Historic Churches Trust

Cycle the Stourdene Circuit

12 September 2009

Join us on a 25-mile tour of the Stourdene group of churches (and a few others), part of the annual sponsored ride organised by the Coventry and Warwickshire Historic Churches Trust.

Of the money you raise, half can go to the local church of your choice, and half to the Historic Churches Trust.

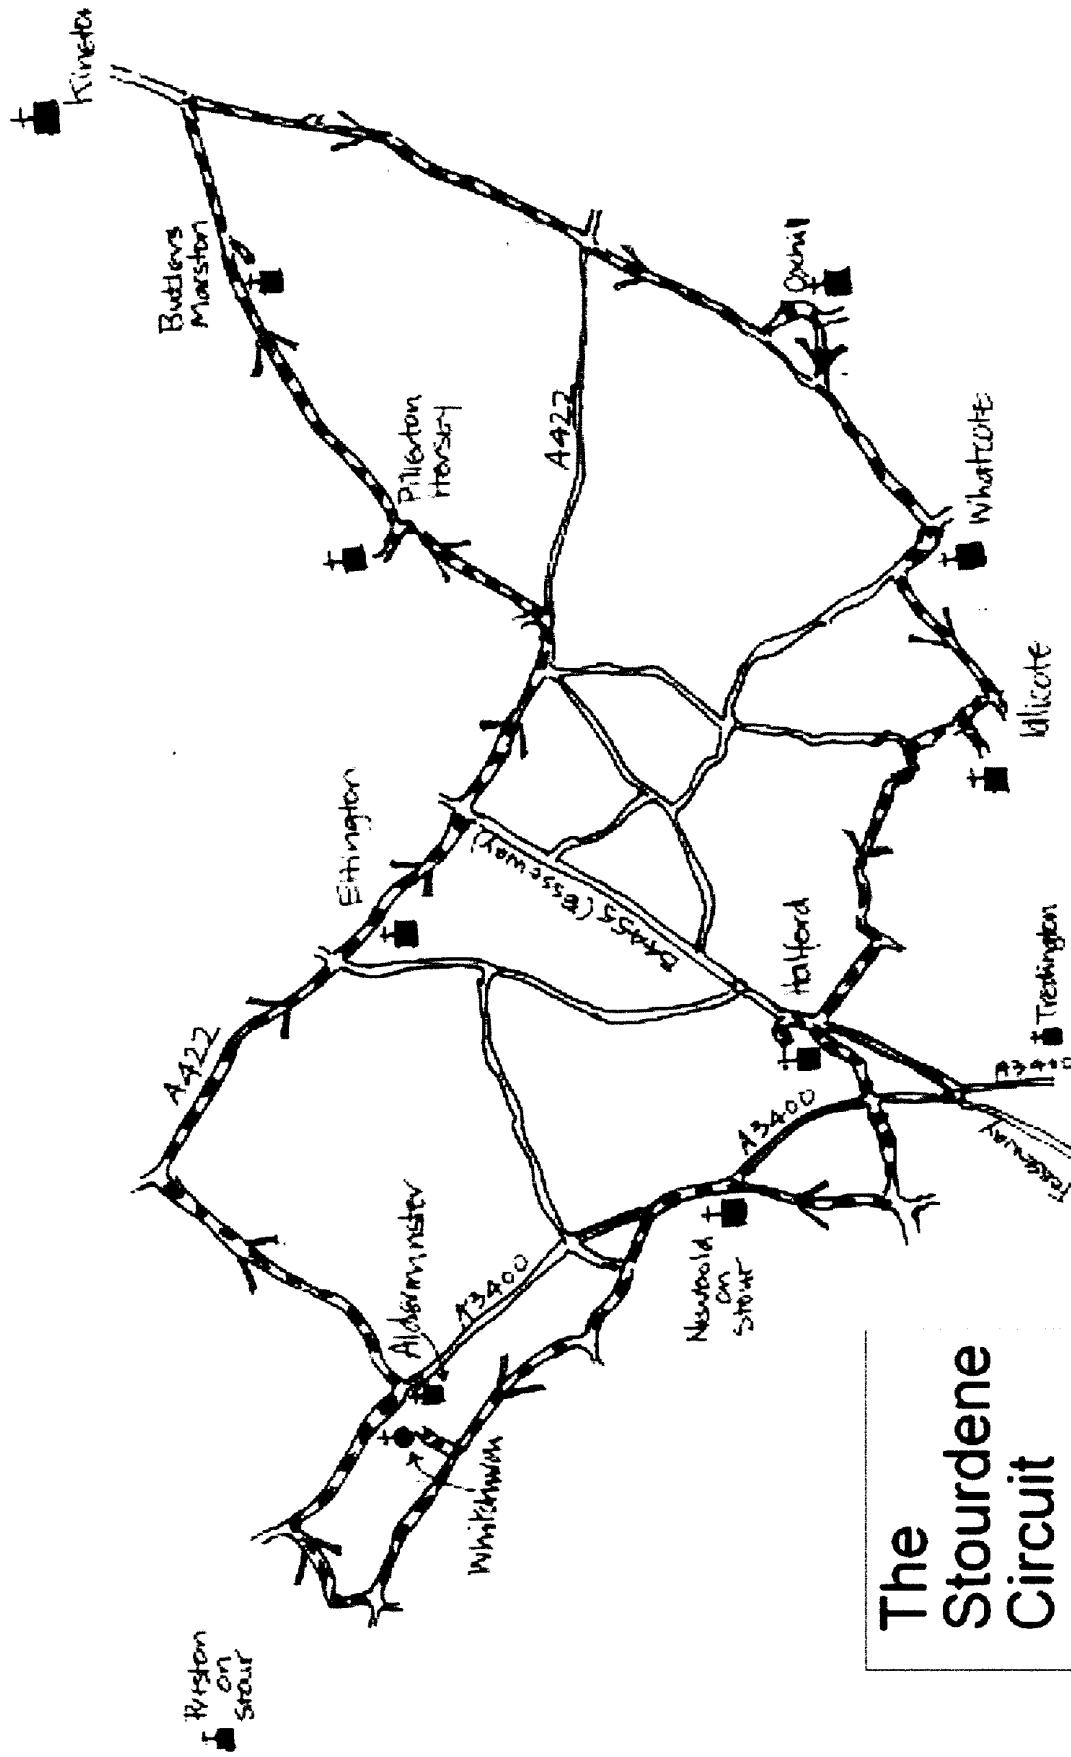

This ride will take in ten churches (Ettington, Alderminster, Whitchurch, Newbold-on-Stour, Halford, Idlicote, Whatcote, Oxhill, Butlers Marston and Pillerton Hersey). The more energetic could visit others and those nearby are also shown on the map overleaf. You might also find it helpful to bring a copy of the relevant 1:50,000 OS map (Landranger 151)

Pubs serving refreshments will be found at Ettington, Alderminster, Newbold-on-Stour, Halford, Whatcote and Oxhill.

The recommended route avoids main roads where possible. For a short stretch of A3400 from Alderminster, you could use the pavement. To approach and leave Ettington it is necessary to cycle on A422.

You are free to proceed at your own pace but it would be fun to begin as a group. **The official 'start' will therefore be from outside Ettington church at 10.00am.**

Participants should obtain the official Sponsorship Form, which include safety notes. This and other details can be downloaded from HYPERLINK "<http://www.warwickshirechurches.org.uk>" www.warwickshirechurches.org.uk or can be obtained from Robert Bearman in Butlers Marston (01926 641560) or Nigel Willis in Newbold-on-Stour (01789 450460), who also have further copies of these notes.
